

Office anywhere—Tools that work anywhere

Give your employees the freedom to work when and where they need to—on their favourite devices. With Office 365 you can increase productivity, simplify team collaboration, and enhance work-life balance. With Office 365, anything you can do in the office, you can now do on the go. With many Office 365 plans, you can install the latest full Office applications on your devices, so you can work offline or online

Business Class Email & Calendar

Office 365 syncs emails, calendars, and contact information across your devices in real time. So it's up to date, no matter what device is in your hand. Each user gets to send messages up to 25 MB in size, and with 50 GB of storage per user, they keep the messages and files.

Collaboration & Online meetings

With Office 365, you can provide anywhere access to file sharing, and online meetings without compromising security. Drive your business with enterprise-grade services that were built for business. It's easy to meet and connect online from wherever you are on whatever device works best. No travel time, no travel costs. Need to ask a quick question or send a piece of information fast, just see who's online, send them an instant message, and get a response fast.

Social media platforms are changing the way we communicate and work. Office 365's enterprise social network, Yammer, helps employees collaborate across departments, locations, and business applications.

Online Storage

With 1 TB of personal document storage, users can store all their files online and access and share them with anyone inside or outside your organization, from their PC/Mac, Android™ tablet, iPad®, or phone.

Features

- Familiar Office tools on a monthly subscription
- 1TB Online storage per user
